

NEW YORK CITY

Prepared to Battle With the Dread Disease, Cholera.

Health Officials Confident of Their Ability to Defeat It.

Valuable Preventive Measures—Cleanse the Main Things—Drink Milk or Water Unboiled, and Abstain from Butter and Cheese.

New York, Sept. 15.—Now that Asiatic cholera has developed among the dwellers of this city, each man may ask his neighbor, Well, what of it?

The spirit of alarm should now no longer rest on the speaker, but himself, mastered the elementary truths touching this disease, which has been so carefully learned and reiterated by the responsible portion of the press during many days past. The editor would be inclined to say that the speaker fully understood that the cholera is neither contagious nor infectious within the common meanings attached to those words. In this sense, it is to use the language of Prof. Virchow, less dangerous than a mosquito.

This expression implies no overconfidence. It lies within each individual's power to assure his own personal safety almost beyond a paradox. He has but to drink no milk, and never eat cheese, and to eat no food that has not been thoroughly boiled, and to eat no food that has not been thoroughly and coldly cooked; he will abstain from butter and cheese, and he may then possess his soul in security. Cholera will pass him by, never alighting on him, never even in part, as the binger of the dreaded plague, state and local officials have been straining every nerve to prevent its gaining a foothold in this city, and being spread by various channels to the country at large.

The health officials have been strict even to severity; but while all were looking seaward, and while preparations were made to repel an advance from across the water, it has gained many footholds in the city, and five corpses to-day mark its advent. How did it get in? This is the question on every one's lips. The health officers' faces were puzzled expressions when asked to solve the problem. No one has been seen with a livid hand, both at Quarantine and in the city; baggage has been disinfected; passengers have been detained, even on healthiness, and in the city stringent rules of cleanliness have been laid down and set aside.

The victims of the dead are not under quarantine in the sense of being shut up, or their tombants being prohibited to go and come when and where they please. But none go or come without the knowledge of the doctor on duty. The number of cases is now 200, and for many hours at a time of his charge.

His instructions are most minute, and his duties in a tenement full of people are most arduous. He is to register in the first place, under his name, his name, and the name and age of every person in the house, what they work at and where, if they go out of the house, he is to keep the sharpest kind of a lookout for the first symptoms of diarrhoea trouble, and upon it his presence is to be called, though the doctor is to be summoned. The disinfector is to be called, and to go from house to house day and night to see that their operations. All soots in the yards where a case of cholera has occurred must be disinfected twice daily.

The doctor must search every room in the house every few hours to see that it is kept in order, and that no refuse, garbage, slops or other offal accumulates in cellars, halls or yards, and that the bedrooms are properly ventilated.

The personal cleanliness of every tenant is the special care of the sentinel doctor, under orders from headquarters. It must see to it that none of them, not even the smallest child, sits down to his meal, nor eats without first washing their hands with soap and cleaning the nails as well.

PUBLIC LEDGER

FIRST YEAR.

MAYSVILLE, KY., THURSDAY, SEPTEMBER 15, 1892.

ONE CENT.

Personal Points

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

George W. Rogers was in Huntington, W. Va., Wednesday.

Miss Julia Leach of Chattanooga is visiting relatives in this city.

Mrs. I. F. Chumur of Mifflingburg is visiting relatives in this county.

Mrs. Rev. J. S. Sims and son of Parkersburg are visiting her father, R. B. Lovell.

John P. McCartney of Pleasington has gone to West Virginia on a fishing tour.

W. T. McCullough and son Gordon of Covington spent a few days here with relatives this week.

Miss Bosworth of Hollidaysburg, Pa., after a pleasant visit to Miss Anna Frazer, has gone to Lexington to spend some time with friends.

John Walsh and two daughters, Misses Annie and Maud, together with Mrs. C. Smith leave to-night for Washington on the F. & F. V.

CHARLES A. GARDNER in "Fatherland" to-night.

The Children's Paradise—"Fatherland."

SWEET singer Charles A. Gardner to-night.

CHARLES A. GARDNER at Washington to-night.

CHARLES A. GARDNER at the Opera house to-night.

The Lexington Colored Fair is in progress this week.

Fayre a financial smash the Bonn Fair is pronounced a success.

The Republican majority in Indiana is plenty large enough though *The Indiana Star* has to be disappointed.

Miss Cunningham, 16-year-old, mother of whom was printed in *The Lexington Star* two days ago, is improving slowly.

Among the encumbrants to the Stephenson Revenue bill passed by the Senate was one imposing a tax on bicycles.

The defeat of the financial capitalists, Indiana and George Carlisle, foot up \$920,700, while their assets are estimated at \$300,000.

Look out for a female fraud who is working Central Kentucky towns as agents for contributions to buy in dead relatives.

JAMES M. BYNERS, a well known publisher of the *Wichita Eagle*, was compelled Sunday night by two policemen who were shadowing him while hurrying word around to the health board office. The closest in the house or in the yard are to his special care.

The disinfector is to be called, and to be sent to his special care. All streets in the yard where a case of cholera has occurred must be disinfected twice daily.

The doctor must search every room in the house every few hours to see that it is kept in order, and that no refuse, garbage, slops or other offal accumulates in cellars, halls or yards, and that the bedrooms are properly ventilated.

The personal cleanliness of every tenant is the special care of the sentinel doctor, under orders from headquarters. It must see to it that none of them, not even the smallest child, sits down to his meal, nor eats without first washing their hands with soap and cleaning the nails as well.

SAM DAVIS of this county has received from Thornton, Ind., a magnificent English staff and a Sam's smokehouse and hen roost, a good place to good to avoid the future.

OWEN WALKER, colored, took a punch from the wagon of William Holder, white, at Richmond, and in the affray which followed Walker was stabled several times and Holder was seriously injured.

CHARLES A. GARDNER in "Fatherland" played by Miss Alice Taylor, in the affray which followed Walker was stabled several times and Holder was seriously injured.

Following the ceremony and the congratulations are elegant luncheon to be held at the home of Mr. and Mrs. John DeJarnette, 1000 Main Street, on Saturday afternoon.

FIRST APPELLATE DISTRICT.

Republican Convention Called to Meet at Ashland on September 22d.

To the Republicans of the First Appellate Court District: The new election law has rendered it necessary for the Republicans to call a convention of the First Appellate Court District of Kentucky, hereby declares that a convention of the Republicans of said District, including the cities of Frankfort, Louisville, Breckenridge, Bell, Breathitt, Carter, Clark, Clay, Estill, Elliott, Floyd, Franklin, Greenup, Harlan, Johnson, Knott, Laurel, Lewis, Lewis, Lawrence, Madison, Mason, Montgomery, Morgan, Magoffin, Martin, Monroe, Nicholas, Oldham, Pendleton, Pike, Pott, Rowan, and Wolfe will be held in the city of Ashland, Ky., on Thursday, September 22d, 1864, at 2 o'clock P.M., for the purpose of nominating a candidate for Judge of the Court of Appeals.

The chairman of the Republican Committee of each county in the District is hereby specially requested to call and hold a County Convention in due time to select delegates to said convention at the time and place appointed.

The ballot representation from each county shall be one delegate for each one hundred, and one delegate for each fraction over fifty votes cast for each Harrison in 1860.

Representation from each county in the District is urgently desired either by delegate or proxy.

Ed. Smith.
Chair. First Appellate Court District.

SCHURZ AND LINCOLN.

The Present German Maggump Declared the War a Failure.

Washington Dispatch to The Cleveland Leader: My attention has been directed to Major B. F. Billis of Cleveland in a letter written by President Lincoln to Carl Schurz. Major Billis says "it ought to be published." I have directed Mr. Schurz, however, that he again come into the room of gloom and despair to write letters and make speeches, and that he again return to call and hold a County Convention in due time to select delegates to said convention at the time and place appointed.

The ballot representation from each county shall be one delegate for each one hundred, and one delegate for each fraction over fifty votes cast for each Harrison in 1860.

Representation from each county in the District is urgently desired either by delegate or proxy.

Chair. First Appellate Court District.

WEEKLY CROP BULLETIN.

Condition of the Small Crops Throughout Kentucky Up to Yesterday.

The weather conditions of the past seven days have been favorable. The rainfall was limited to scattering showers in the Western sections of the state and the evil effects of the drought are more marked in the Eastern sections.

On this date, (September 13th), however, a general storm is central in Kentucky, and the rains are increasing. It is the last week of the month and may be undeniably exert a beneficial effect upon all crops, though in many sections of the state the damage already done is too great to complete restoration of them to the possible.

The amount of sunshine received was slightly above the normal, and was uniformly uniform throughout the state and the effect of weather on the growth of corn and tobacco, but these crops have not attained the development they would, had the otherwise favorable conditions continued.

The temperature of the week was slightly above the normal, and was uniformly uniform throughout the state and the effect of weather on the growth of corn and tobacco, but these crops have not attained the development they would, had the otherwise favorable conditions continued.

The general outlook for all crops seems favorable, though, it is not yet to speak definitely in regard to the matter. Tobacco, under the influence of the warm dry weather, is ripening rapidly, and many sections of the field crop is being cut and bound. The late crop may fully recover from the effects of the dryness, from now until the time for cutting.

The present outlook for it is only fair, and considerable damage is to be expected from frost and the anticipated crop. The dry weather has caused it to ripen too fast and the ears as a rule are not well filled, but prevail in some cases will do much to revive them.

The fruits and vegetables of all kinds are up to their average condition this season.

Though some fall planting has been done the work cannot be considered as having been done, and heavy rains have rendered the ground fit for it.

The correspondent in Daviess county reports that the sorghum crop there is a failure.

—Animal Geese's—Widow.

The Commercial Gazette has the following concerning the family of the man who was fatally wounded by Seth Brown:

"The lamented Mrs. Brown's widow has been found.

"Yesterday afternoon her father, Mr. Jones, who has been searching for her ever since the death of her husband, George Fultz, a circus man, was known to have come to town, and Mrs. Marcelline heard that she was married by a man on Walnut Hill. There she found her, and from that time henceforth she has been separated for eighteen months. Her little child was with her, and she was butting bravely to support herself and the child."

"Mr. Jones at one time was well enough to take care of her, and his child, off to the public hospital, but they had to return to the city for the health of the child.

Then they took the next train for Columbus, O., the home of the family."

—Bisontine.

Charles Moore has decided to discontinue *The Bisontine Blad*. In an ad-

dress to the public he says:

"My intention is merely to give up the editing of my paper. I was deeply mortified by what had written in the paper concerning the conduct of Mr. Lincoln and the administration on the Mount. The paper is still important, the publication of the liquor traffic will probably be the first of the great stories of the year, and I hope to be able to tell the effects of this pretentious reformer will be 'mildly interesting reading' at this time, as Greely was."

At 500,000, Brigadier-General in the Federal army, he considered Lincoln a failure, and sought to give him a good name, but wrote to Lincoln a letter directly after the autumn election in 1862, and got an answer straightaway.

The answer is the letter to which Major Billis alludes in his speech, and which is quite exceeding breezy and frank and I quote them with considerable satisfaction:

"I have just received and read your letter of the 30th" (November), wrote Lincoln. "The purport of it is that we lost the late elections, and the administration is to blame. I am sorry to say that I am not successful, and that I must not flatter myself that I am not justly to blame for it."

"The impudence of Schurz—and it was surely monumental—to presume to write a letter of this description to the President of the United States when he himself had not even been elected to the Senate is quite enough to take one's breath away."

"I certainly know," continued Lincoln,

"that the administration fails, and that I will be blamed for it whether I deserve it or not. And I ought to be blamed if I could do better. You think I am to blame, and I am to blame already. I think I could not do better; therefore I blame you for blaming me. I understand you now to be writing to accuse me of being a traitor, and that is not true. In all instances in which you have done me injustice and unkindly to anybody I think I am to be forgiven."

—Clarendon Causes a Paper Fiasco.

HOLYOKE, Mass., Sept. 15.—Since the cholera quarantine, rage have become so scarce that President Wirtz, of this city, has called a meeting of the Fine Writing Papers Manufacturing association, to be held in Springfield, to determine whether or not the mills will shut down until rage are more plenty.

—A \$20,000 Fire at Indianapolis.

INDIANAPOLIS, Ind., Sept. 15.—The Indianapolis Transfer and Storage Co. building, situated bounded by 10th and 11th streets, was destroyed by fire on Wednesday morning. Loss \$20,000. Insured. School building, son of the janitor, got on top of the building to see the fire, fell off and was killed almost immediately.

—Fires from Mill Starts.

PITTSBURGH, Sept. 15.—The ten-inch mill of the Elba iron works started up

Wednesday, with non-union men, and, after making out heat of iron, closed down. Another attempt will be made to resume the work.

—The Majestic Arrives.

NEW YORK, Sept. 15.—The board of education, Wednesday afternoon, passed a resolution directing principals and janitors to see that every part of every school is cleaned and kept clean and every suspicious case of sickness is promptly reported to the board of health.

PITTSBURGH, Sept. 15.—The ten-inch

mill of the Elba iron works started up

Wednesday, with non-union men, and, after making out heat of iron, closed down. Another attempt will be made to resume the work.

—The Majestic Arrives.

NEW YORK, Sept. 15.—The steamer, Majestic, with 407 cabin passengers, has arrived.

Time of passage five days, distance between Liverpool and New York, 477 miles.

All well on board. She will probably be in port for a few hours.

—Fires from Mill Starts.

VIENNA, Sept. 15.—The twenty-

first annual convention of the National Board of Steam navigation is in session here.

A resolution ordering the New

England canal interests to

attend.

—Fires from Mill Starts.

NEW YORK, Sept. 15.—Six new cases

of cholera were reported to the health office Wednesday night.

—AMMUNITIONS.

NEW YORK CITY.

We are authorized to announce MARTIN O'HAIR as a candidate for reelection to the office of City Clerk at the ensuing city election.

FIRE AND ACCIDENT INS. W. R. WARD.

A WOMAN'S NOTE

Promises to Solve the Louisville Murder Mystery.

One of Spanninger's Mistresses Wrote an Anonymous Epistle,

The Result of Which Was the Arrest of Herself and Her Paramour Charged with the Poisoning of Mrs. Eugenia Sherrill and Mrs. Emma Austin.

LOUISVILLE, Ky., Sept. 15.—Detectives have woven so strong a web of evidence about the sensational deaths of Mrs. Eugenia Sherrill and Mrs. Emma Austin, who were poisoned in Mrs. Austin's residence house, that they are able Wednesday to arrest John Spanninger and Mrs. Josephine Cole, one of his many mistresses, on the charge of murder.

The social standing of Mrs. Sherrill has caused this to be one of the most sensational cases in the history of Louisville, and the rains are increasing. On this date, (September 13th), however, a general storm is central in Kentucky, and the rains are increasing. It is the last week of the month and may be undeniably exert a beneficial effect upon all crops, though in many sections of the state the damage already done is too great to complete restoration of them to the possible.
